

TigerTalk

NBC has a communication system called TigerTalk. TigerTalk is an emergency notification system that sends information to the parents and students of North Bend Central in a timely manner. It delivers messages to voicemail, email or text.

Each student in our system can have up to two home numbers, two mobile numbers, one email address and one SMS text number. As this is separate from our contact information stored in Infinite Campus, we are asking parents to complete this information request.

Please submit this information to your school's front office to have it updated in our system.

Student Name: _____ Student Grade: _____

If you choose to participate, please fill out the following table with one number per box where you want to have notifications sent. You can have as little or as many notifications as you would like.

Name	Information (Phone Number Layout: XXX-XXX-XXXX)	Description (Example: Dad's Cell, Students Cell, Grandparents Email)
Phone - Home		
Phone - Home Alt		
Phone - Mobile		
Phone - Mobile Alt		
SMS Text Number <small>will come from sms@blackboard.com</small>		
Email		

Date: _____
